Description

Villa Celeste is one of our most beautiful villas for rent in Positano, on the Amalfi Coast, in Italy. This 3-bedroom and 3-bathroom luxury villa can accommodate up to six guests who will have the chance to live their holiday in the country in a 17th century villa built in a unique and panoramic position. This villa is especially suitable for the lovers of classic buildings and modern décor, but also for those looking for a close proximity with the city center of Positano.

You will love the spacious interiors of Villa Celeste and their high vaulted ceilings and thick stone walls, characteristic of the traditional ancient buildings of the area.

Of course, the villa underwent a recent and complete renovation in order to meet the needs of comfort and luxury our guests deserve: today, Villa Celeste is a beautiful holiday house with a high level of privacy and a warm, familial atmosphere thanks to its immaculate, airy and luminous interiors.

You will immediately notice the beautiful details of the villa: warm colors, antique terracotta floors, high vaulted ceilings, wide rooms, antique pieces of furniture blending with more modern pieces, quality drapes and several important ornaments. Everything is perfectly refined to offer the highest comfort even in terms of visual atmosphere.

Villa Celeste offers a total surface of 140 square meters indoors and an external area of 40 square meters consisting in a beautiful terrace with a breathtaking view on the sea.

The main entrance of the villa, through old wooden doors, leads into an entrance hall with high-vaulted ceilings. The first area of the hall offers antique furnishings and a direct access to a library room for quiet moments of culture and reflection. The second area of the hall, the guests will find a sitting area furnished with two armchairs placed in front of a panoramic windows, a built-in bench and a piano. The area also features a direct access to the terrace and, through a series of wooden doors, to a spacious bedroom with double bed, antique bedside tables, in-built wardrobe and en-suite bathroom.

A second bedroom - a twin bedroom - is on the mezzanine, which can be reached through the first area of the hall. In the corridor, a second bathroom has been built.

The 40-square meter terrace of Villa Celeste features a dining table for six guests and a beautiful external area that can be also used as a lounge. From the terrace, a wide view of the sea with the three famous islands of Li Galli in the distance can be admired.

From the terrace and from the sitting/dining room you can access the third bedroom, featuring a double bed and a private bathroom with a fully-enclosed, very large shower.

The living and dining area of Villa Celeste offers the finest furniture and an antique fireplace: luminous and characterized by very high ceilings, it is definitely the hearty of the house.

The modern kitchen of the villa is relatively small but incredibly organized and fully equipped, ready for your fabulous meals.

Location

Villa Celeste is located in close proximity of Positano, and very near to its main beach, called Spiaggia Grande: the beach can be reached on foot in only five minutes, simply following a charming downhill alley closed to traffic. The distance that separates the villa from the beach is about 600 meters.

Positano, village and comune of the Amalfi Coast in Campania, Italy, is basically an enclave in the hills leading down to the coast. Once part of the Amalfi Republic, the town prospered in the XVI and XVII centuries but became a tourist attraction after the Second World War, when writer John Steinbeck described it as “a dream place”.
