

10 guests | 5 rooms | 6 baths

Description

Located in a quiet, secluded area facing the sea of Positano and perched on a rocky outcrop overlooking the borgo, Villa Harmonia is surrounded by luscious bougainvillea gardens and is tastefully decorated with both vintage and modern artwork. Featuring a private gym built inside a stunning natural cave, a dock with sunbeds, an outdoor shower and direct access to the sea, this gorgeous Italian mansion is a luxury property for rent of unmatched beauty for those who want to spend a unique vacation on the Amalfi Coast.

The villa, tucked away but close to the town center, includes five bedrooms elegantly furnished with suave color-washed walls, modern and vintage fabrics and custom-made Italian furniture. Villa Harmonia's current owners have been meticulously updating this 1963 building every year, and its interiors – sprawling over 500 square meters – can currently accommodate up to ten people. The villa also features a large living room, an elegant dining area with access to an outdoor terrace and a direct view of the sea, a fully equipped kitchen and a master suite with a balcony overlooking the water.

The estate also includes a refined private garden. The entire property creates a tasteful mix of history and modernity by fusing historic regional inspirations with contemporary design, and its panoramic views of Positano Bay, cliffs and coastline are a sight to behold, especially at night. Regarding materials, Villa Harmonia is a splendid example of timeless synergy: its seductive traditional look results from the communion between stone details, terracotta floors, top-quality washed hardwood boards and marbles, made even more beautiful by the airy rooms and high ceilings.

This fully Italian-looking retreat, immersed in natural light and welcoming in its atmosphere, will seduce

Location

Villa Harmonia is located in Positano, considered by many the most photogenic “star” of the entire Amalfi Coast. This clifftop community in the South of Italy almost looks like a massive pyramid, with classic, brightly colored buildings and boutique hotels erected on every level.

Positano has been a vacation destination since the days of the Roman Empire. It became immensely popular in the 1950s and has remained a tourist hotspot ever since. Before then, Positano was a prosperous market port that hosted medieval trades in fish trade and other commodities.

There are many lovely beaches in Positano where...
