Villa Diamante is a breathtaking luxury property for rent in Sicily, near Palermo, and represents the final destination of a long journey, the true collection of itineraries, suggestions, affections, emotions and memories. This splendid Sicilian villa reveals, even at first glance, the strong cohesion and personality of its owners, who designed it and structured in the most attentive way.

Villa Diamante is, in its pure explosion of colors and suggestions, a classic Sicilian villa, a daughter of its territory: every guest will immediately feel at home simply by getting a feel of it.

This modernist mansion extends on one floor and is surrounded by a beautiful garden, enhanced even more but the total-white look of the villa. The large living area welcomes the visitors with a living room, dining room and kitchen and subtly creates an effect of pureness and fluidity, thanks to the open-plan spaces and the wise furnishings. The entire interior spaces have been purposefully redesigned to melt and blend with the outside, in every single detail: the view on the pool, on the greenery, the breathing effect of the entire living area being the main ones. Art pieces have been carefully arranged to emphasize the decorative impact and design furniture.

Villa Diamante offers two double bedrooms and two bathrooms. The master bedroom with en-suite recalls the essential and refined style that distinguishes every room. The private bathroom offers a peculiar shower-bath tub made of natural cement, giving the place an exotic and yet classy note. In the garden, the barbecue area is surrounded by the Mediterranean maquis while, in the dining area, guests

will have the chance to taste some exquisite Sicilian food directly in outdoors.

Villa Diamante is definitely the perfect choice for those looking for a vacation in a classic and yet modern Sicilian villa of extreme luxury.

## Location

Villa Diamante is located in the province of Palermo, Sicily's main city, but in a very quiet area and far away from the chaotic and adventurous streets of the capital. Palermo is a fascinating city, boasting a mix of architectural styles - a present from the several different "invaders" who, through the centuries, have claimed the city as their own - and has the ability to seduce its visitors with its numerous works of art, splendid examples of architecture, beautiful panoramas. Among its many treasures, the main sights are represented by the Cappella Palatina, a priceless jewel designed by Roger II in 1130 and Palermo's number 1 tourist attraction, Palazzo dei Normanni, dating back to the 9th century and home to Sicily's regional parliament, breathtaking shores...
